

Delivering The Whole Package

Thermal Hydronic Supply (THS) is proud to be southern Ontario's one-stop boiler shop. Servicing the HVAC industry since its inception in 2000, THS has established an unmatched reputation for quality products and superior service. From troubleshooting a boiler, to sizing a pump, to simply replacing a temperature gauge, the manufacturer and wholesaler's trained staff is ready to assist contractors with any challenge that may arise out in the field.

THS understands the HVAC industry, so staff continuously work to make the contractor's life as easy as possible. With 24-hour emergency service and same day turnaround on all heat exchangers, THS is there, time and again, when needed. Its massive inventory means you will never be waiting for parts, saving you time and money every time you visit.

A First in North America

THS is now the North American distributor of SIME boilers and instantaneous water heaters. A global leader in the hydronics market, SIME boasts a full line of high efficiency cast-iron, wall-hung, condensing and combi-boilers with models for even the most complex and demanding applications. Heating, domestic hot water or both, Sime has a unit to fit your needs.

THS is a full stocking distributor to many of the industries top brands such as Honeywell, Johnson Controls and S.A. Armstrong pumps. THS also manufactures its own line of replacement

heat exchangers and fibre board refractory. All heat exchangers are made in house and are sold with gaskets and mounting hardware for quick simple installations. Each heat exchanger is tested and inspected to ensure quality performance and a precise fit with no leaks before it ever leaves the premises. Guaranteed.

Innovative Service

As a contractor, there are many situations that can arise when working out in the field that can prove to be very costly and time consuming. Driving all over the city to find a replacement part for a boiler that may no longer be manufactured. THS has data dating back to 1950, allowing it produce various heat exchangers and refractory for boilers that the manufactures themselves can not provide.

Resourceful solutions like this help keep your customers equipment in the field, avoiding costly replacement. THS's Thermal Cast Refractory is backed by an industry first, two-year warranty. THS carries replacements parts for such boilers as:

- RBI
- Laars
- Raypak
- Rheem/Ruud
- Lochinvar
- Patterson Kelly
- Camus

The company has recently moved into a new 20,000 sq. ft. facility to make your experience even better. Product lines have been expanded, stock has been increased and a 3,000-sq. ft. parts counter and showroom has been added. Customers can now browse inventory and view the latest products on the market in the comfort of its showroom.
